- **October 1:**
Seeding the Commons
- **February 1:**
CfA fellows arrive and start building
- **November 2011:**
Civic Commons as independent organization

HOW YOU CAN HELP

The screenshot shows the Civic Commons website in a browser window. The browser's address bar displays `http://civiccommons.com/`. The website header features the Civic Commons logo and the tagline "SHARING TECHNOLOGY FOR THE PUBLIC GOOD". A navigation menu includes links for Home, About, Roadmap, The Civic Stack, Knowledge Base, and Get Involved. A red box highlights a "Sign-up to Get Involved" form with fields for "First name", "Last name", and "Email address", and a "Join" button. Below the navigation, a video player shows a presentation by Bryan Sivak at OSCON 2010. To the right of the video is a text block titled "Let's Save the Public Millions of Dollars" with a paragraph of text. The footer contains three sections: "Share Your Technology", "Browse Shared Apps", and "Build & Edit the Wiki".

Feedback

OSCON 2010: Bryan Sivak

Let's Save the Public Millions of Dollars

Government entities at all levels face substantial and similar IT challenges, but today, each must take them on independently. Why can't they share their technology, eliminating redundancy, fostering innovation, and cutting costs? We think they can. Civic Commons helps government agencies work together.

Share Your Technology
Your software may be able to help others save time and money. Find out how.

Browse Shared Apps
As our brand-new app repository grows, more and more apps will be made available.

Build & Edit the Wiki
Growing the commons requires both tech and knowledge. Contribute your expertise.

THANK YOU
